### Profile Summary

Results-driven **Full Stack Developer with 3+ years of hands-on experience** in designing, developing, and maintaining enterprise-grade web applications using **.NET (Core & Framework), Angular (7–16), and MS SQL Server**. Adapt at delivering robust backend APIs and responsive frontend interfaces. Skilled in **SDLC, Agile methodologies**, and modern **DevOps practices**. Passionate about writing clean, maintainable code and continuously optimizing performance for user-centric applications.

---

### Professional Experience

#### Senior Full Stack Developer

**Instant Transport Solution Pvt Ltd** – Gurugram, India

**May 2025 – Present**

- Collaborated with product owners and BA teams to define feature requirements and translate them into scalable application modules.
- Increased API response speed by 30% by designing and deploying RESTful services using .NET Core Web API.
- Refactored legacy ASP.NET Web Forms applications, reducing code complexity and boosting maintainability.
- Streamlined user evaluation process, reducing manual assessment time by 40% through automation and optimized workflows.
- Coordinated with global stakeholders to ensure compliance with international product standards.

#### Full Stack Developer

**Instant Transport Solution Pvt Ltd** – Gurugram, India

**June 2022 – April 2025**

- Spearheaded the development of **Driver Management, Tyre MIS, and Trip Management** modules used by over **500+ users/managers** daily.
- Created interactive **MIS dashboards** for Tyres & Trips, increasing operational visibility and decision-making efficiency by **35%**.
- Migrated apps from **Angular 7 to Angular 16** and **.NET Core 3.1 to .NET 6**, improving performance by **20%** and reducing tech debt.

- Implemented **AWS S3 file compression**, reducing storage usage by over **50%**, optimizing monthly cloud costs.
- Integrated **Fastag & Payment Gateway APIs** (Terra, LogiPe, Happay) supporting real-time payment reconciliation.
- Designed a role-based auth system with **JWT and middleware**, enhancing security and user control.
- Maintained clean code standards, enforced unit testing, and led code reviews—resulting in **15% fewer bugs in production**.
- Streamlined CI/CD with **Azure DevOps**, reducing deployment time by **40%**.
- Hands-on with **Git, AWS EC2**, and **Azure pipelines**.

### Intern Full Stack Developer

**BridgeLabz** – Mumbai, India

**Jan 2022 – June 2022**

- Developed full-stack modules using Angular and .NET under senior mentorship.
- Assisted in backend API development and database operations using SQL Server and EF Core.
- Delivered 2 mini-projects with complete SDLC exposure, boosting understanding of Agile workflows.

---

### Technical Skills

- **Languages:** C# (Proficient), Python (Beginner)
- **Frontend:** HTML, CSS, Angular (7–16), TypeScript, RxJS, Bootstrap, Angular Material
- **Backend:** .NET Core, .NET Framework, REST APIs, Entity Framework Core
- **Tools:** GitHub, Postman, Swagger, Azure DevOps, Docker, Jira
- **Cloud:** AWS (S3, EC2), Azure Pipelines
- **Database:** SQL Server

---

### Projects

#### Fundoo Notes App

Angular | .NET Core | SQL Server | EF Core

A note-taking web application with features like create/update/delete, color tagging, image upload, archiving, and search.

#### Bookstore Web App

Angular | .NET Web API | SQL Server

Developed a complete bookstore platform with cart, Wishlist, order placement, and user login/signup functionalities.

---

## **Education**

### **Bachelors Of Engineering, Information Technology**

Saraswati College of Engineering (Autonomous), Navi Mumbai

**2016 – 2020**

---

## **Languages**

- English
- Hindi
- Marathi
